Employer Services

DIVERSITY
TALENT
PRODUCTIVITY

Diversity...Talent...Productivity

Professional employment consultation designed to help employers hire and retain qualified employees with or without disabilities.

Since 1997, DCC has provided employment services in designed to assist qualified individuals to explore and access employment, regardless of barriers related to disability, socio-economic status and/or age. DCC works with local employers to promote the value of inclusion by providing consultation and job coaching.

Services for Existing Employees:

Professional Consultation (fee for service) regarding the Americans with Disabilities Act for your company's **existing workforce**. Services may include:

- * Analysis of hiring and promotion practices
- * Facilitating reasonable accommodation due to an identified disability or injury
- * Job coaching & employee performance measurement

What DCC Can Do for Employers—For Free!

WHY FOR FREE?

Our services are funded through a variety of ways, but most of the time we receive fees for service for helping individuals with barriers to employment through State or Federal programs. This means that we can offer a variety of services to our employment partners for FREE!

FILLING JOB OPENINGS WITH QUALIFIED APPLICANTS

When you need help filling job openings, we can help! Our applicants have diverse skill profiles and varying degrees of work experience. We carefully screen all applicants to ensure the best job fit.

TRAINING PLANS/COACHING

When you hire an employee associated with DCC, we will work with you to ensure that the person learns the job skills and that everyone is comfortable in the workplace. State and Federal Vocational Rehabilitation Programs will often pay for DCC staff to “job coach” the new employee by helping with training and integration, on-the-job. We also work with the supervisor to learn ways to easily accommodate the employee’s disability over time. We make the process easy and can arrange funding in most situations.

JOB RETENTION HELP

When you hire a DCC applicant, we provide built in follow-along for at least 90 days after the person is hired. We provide counseling and consultation.

WORK TAX CREDITS

Most of DCC applicants are part of a target group for the *Work Opportunity Tax Credit*. This is a tax credit that an employer takes directly from Federal tax liability owed when they hire a person in a certain target group. When you hire a qualifying applicant, we will help you process the paperwork. Tax credits are another valuable way for a company to offset the cost of training.
